

FAREWELL PARTY

Farewell party was conducted in our department on 25.03.2024. Our second year students conducted this event in **open ground** in a grand manner.

All the final year students and our staff members shared their experience on that occasion.

“Never say goodbye because goodbye means going away and going away means forgetting.”
J. M. Barrie. Our final year students thoughts also same.

Our second year students also interacted and shared their views.

Our second year students arranged a wonderful dinner for all staffs and students.
