

SAKTHI POLYTECHNIC COLLEGE

SAKTHI NAGAR-638 315

Academic Year: 2023-2024

DEPARTMENT OF MECHANICAL ENGINEERING

This report outlines the educational tour conducted to Mysore, aimed at enhancing students' understanding of themes, e.g., history, culture, science. The tour provided an opportunity for experiential learning, allowing students to engage directly with the content they have studied in the classroom.

Objectives:

Enhance Knowledge: Deepen understanding of local history, cultural practices].

Cultural Immersion: Experience and appreciate diverse cultures.

Skill Development: Improve teamwork and communication through group activities.

Conclusion:

The educational tour to Mysore successfully met its objectives by providing students with enriching experiences that complemented their classroom learning. The combination of cultural exposure and hands-on activities enhanced their understanding and appreciation of learning outside world. Future tours could benefit from addressing the logistical challenges encountered to ensure an even smoother experience.

Educational tour at Mysore Feb'15 & 16-2024
