

Parents-Teachers Meeting

A Parents-Teachers Meeting (PTM) was held on 17th and 18th February 2025 for II and III-year students of the Metallurgy Department. The meeting aimed to discuss students' academic progress, semester results, and overall performance. Faculty members interacted with parents, addressing their concerns and providing insights into students' strengths and areas for improvement. Attendance was encouraging, with active participation from both parents and teachers. Individual performance reports were shared, and faculty provided guidance on career prospects and skill development. Parents appreciated the department's efforts in nurturing student growth. Discussions also included attendance, discipline, and internship opportunities. Feedback from parents was noted for further improvement. The meeting concluded on a positive note, reinforcing collaboration between faculty and parents for students' academic success.
