

FORUM MEETING

The Department of Instrumentation and Control Engineering, Sakthi Polytechnic College, successfully organized a **Forum Meeting** on "*Artificial Intelligence in Process Control*" on **7th January 2025** at the college's Meeting Hall. The event featured insightful sessions by two distinguished resource persons:

Dr. T. MarisMurugan, HOD, Electronics & Instrumentation Engineering, Erode Sengunthar Engineering College, who shared his profound expertise on the application of artificial intelligence in industrial automation and its potential to revolutionize process control.

Ms. S. V. Sushmitha, Assistant Professor, Electronics & Instrumentation Engineering, Erode Sengunthar Engineering College, who delivered an engaging talk on the practical implementation of AI technologies in instrumentation and control systems.

The forum witnessed active participation from students, faculty members, and industry professionals. Attendees gained valuable insights into how AI is transforming the landscape of process control, fostering innovation, and optimizing operations in industrial settings. The event concluded with an interactive Q&A session, where participants had the opportunity to engage with the resource persons and clarify their doubts.
