

Report on the Inaugural Ceremony for First-Year Students

Day 1: Inauguration Ceremony – 09.06.2025 (Monday)

The first day of the programme began promptly at 9:00 AM with the registration of students, formation of classroom groups based on their respective programmes, and the selection of student representatives. Following the registration activities, the inauguration ceremony commenced with a welcome address delivered by Mr. M. Vikram, Lecturer in Mathematics. This was followed by the presidential address by Dr. S. Chitra, Head of the Department of EEE, who emphasized the importance of discipline and commitment in students' academic journeys.

Dr. K. R. Muthuswamy, Director of the Institution, delivered the felicitation address, highlighting the college's achievements and support systems available for students. An introduction of the day's chief guest was presented by Dr. R. Kannan, Lecturer in Physics.

The chief guest, JCI Sen M. Sakthi Nallasivam, General Manager, Erode Cancer Centre, addressed the gathering with an inspiring motivational speech, encouraging students and their parents to make the most of the opportunities provided by the institution.

Following the chief guest's address, representatives from all departments gave brief presentations about their respective branches, including curriculum highlights, co-curricular activities, and placement opportunities. The ceremony concluded with a vote of thanks proposed by Mr. K. Anand, Lecturer in Chemistry, expressing gratitude to all dignitaries, staff, students, and parents for their participation. After the formal programme, the students were guided to visit various departments and facilities of the institution, giving them a firsthand experience of the college infrastructure and academic environment.

Day 2 Report – Induction Programme for First Year Students

The second day of the five-day Induction Programme for first-year students at Sakthi Polytechnic College commenced on 10th June 2025 with great enthusiasm. The day began with an ice-breaking session, where students introduced themselves, helping them to get acquainted and build a sense of community.

This was followed by an insightful address by Mr. K. Anand, Lecturer, Department of Chemistry, who delivered a comprehensive talk on the various student clubs active within the institution. He emphasized the importance of joining one or more clubs and highlighted the numerous benefits such as personality development, leadership skills, networking opportunities, and extracurricular growth. His speech encouraged students to actively participate in co-curricular activities alongside academics.

Subsequently, Mr. M. Vikram delivered a speech on Community Initiatives, aiming to instill a sense of social responsibility and civic engagement among the newcomers. A special interactive session with senior students was also conducted, where Selvan Mounnish, a second-year Mechanical Engineering student, shared his experiences, challenges, and memorable moments at college. This session helped bridge the gap between junior and senior students and provided valuable insights to the freshers. The day concluded with a special interaction with distinguished alumni of the institution. Dr. K. Sathiyasekar, Professor & Director of EEE at KSR College of Engineering and an alumnus from the EEE department, Er. T. S. Prabhu, owner of Cauvery Constructions Limited and an alumnus from the Civil Engineering department, both addressed the gathering. They shared their journey from college life to professional success, reminisced about their student days, and motivated the first-year students to strive for excellence in both academics and personal growth. Their words served as a source of inspiration and motivation for all attendees.

Overall, the second day of the Induction Programme was filled with engaging sessions that fostered camaraderie, provided valuable guidance, and instilled a sense of belonging among the newly admitted students.

Day 3 Report – Induction Programme for First Year Students

As part of the ongoing five-day Induction Programme for first-year students at Sakthi Polytechnic College, Day 3 (11.06.2025 - Wednesday) was filled with inspiring sessions and interactive activities aimed at personal growth, time management, and team building. The day began with an enlightening session titled "**யோகாவும்**

வாழ்வியலும்" from 9:00 AM to 10:30 AM, conducted by **Prof. V. Malarvizhi Rajan**, a distinguished member of the *Manavalakalai Mandram, Bhavani*. The session emphasized the importance of yoga and disciplined living for a healthy mind and body. Students actively participated in basic yoga practices and were motivated to adopt a balanced lifestyle.

Following a short break, the second session titled "**Time Management**" took place from 11:00 AM to 12:30 PM, delivered by **Dr. J. Balasubramaniam**, Retired Senior Scientific Officer from *DIQA, Directorate General of Quality Assurance, Ministry of Defence*. Dr. J. Balasubramaniam shared valuable strategies for managing time effectively, prioritizing tasks, and setting achievable goals, which are essential skills for both academic success and personal development.

Post-lunch, from 1:30 PM to 3:00 PM, Dr. Balasubramaniam continued with another motivational session titled "**Key to Success**". He shared real-life experiences and inspiring stories, stressing the significance of discipline, perseverance, and continuous learning. The session was highly engaging and well-received by the students.

The final session of the day, held from 3:00 PM to 4:30 PM, was dedicated to **Games and Physical Activities**. The activities encouraged teamwork, leadership, and stress relief, providing the students a refreshing and energetic end to the day's events. Overall, Day 3 of the Induction Programme was both informative and impactful, helping the students enhance their mental discipline, time management skills, and interpersonal abilities.

Day 4 Report – Induction Programme for First Year Students

As part of the five-day Induction Programme for first-year students at Sakthi Polytechnic College, Day 4 focused on introducing students to the institution's placement framework and academic structure, along with an inspiring session on personality development.

The **morning session** began with a detailed explanation of the **Placement Activities** of our institution. **Mr. D. Kumar**, the College Placement Coordinator, presented an overview of the placement process, achievements, and opportunities available to students. His PowerPoint presentation highlighted the successful placement records and the training initiatives undertaken by the institution to enhance employability. Following this, individual **Department Placement Coordinators** addressed the gathering and explained the **job opportunities specific to their respective departments**, providing clarity and motivation to the newly admitted students about their future career prospects.

In the **afternoon session**, the academic framework titled “**Scheme of Studies – Regulation 2023**” was elaborated by **Dr. R. Kannan, Lecturer/Physics**. He explained the structure of the curriculum, the importance of internal assessments, credit systems, and the examination pattern, helping students understand the academic expectations and prepare accordingly. Following this, **Dr. R. Jothimurugan** delivered an inspiring session on **Personality Development**. Through an engaging PowerPoint presentation, he emphasized the importance of self-confidence, communication skills, and goal setting. He also shared motivational stories of renowned **scientists and entrepreneurs** from India and around the world, encouraging students to dream big and work with dedication.

Overall, Day 4 of the Induction Programme successfully guided students through the core academic and career-building aspects of their journey at Sakthi Polytechnic College, while also instilling motivation and purpose for their future endeavors.

Day 5 Report – Induction Programme for First Year Students

The final day of the five-day Induction Programme at Sakthi Polytechnic College was thoughtfully planned to foster a sense of social responsibility, industrial awareness, and safety consciousness among the first-year students.

In the morning session, **Mr. S. Sakthivel**, Assistant General Manager – HRD, **Indo Shell Cast Pvt. Ltd., Coimbatore**, delivered an inspiring talk from an **industrial perspective**. He shared valuable insights on industry expectations, the skills required in the modern workforce, and how students can shape themselves to meet professional standards. His motivational speech energized the students and gave them a clear picture of the career paths ahead. Following this, **Mr. P. Panneerselvam**, Lecturer/Maths, delivered a short session on the scholarships available specifically for both girl and boy students, and the documents required to apply for them

In the **afternoon session**, **Mr. M. Palanisamy**, Safety Manager, **Sakthi Sugars Ltd.**, conducted an informative session on **Fire and Safety Awareness**. Through an engaging PowerPoint presentation, he explained the basics of fire safety, types of extinguishers, and emergency protocols. The session was followed by **live demonstrations by his team**, which helped students understand practical safety measures and responses during emergencies. Overall, **Day 5** of the Induction Programme concluded on a high note, combining motivation, industrial exposure, and safety training. The sessions were highly beneficial in preparing students for both academic and real-world challenges, marking a successful end to the induction journey
