Department of Computer Engineering

Educational Tour

Book Festival

The Department of Computer Engineering organized an educational tour to the Book Festival in Erode for our third-year students on 11.08.2025. The trip was part of an educational initiative to promote reading among students. The festival featured a wide range of books, including academic, fiction, non-fiction, and general interest titles. The visit helped students broaden their knowledge and encouraged a love for reading.

Health and Wellness

The Department of Computer Engineering organized an adventurous hiking trip to Perumal Malai in Punnam for our second-year students on 13.08.2025. The event was aimed at promoting physical fitness, environmental awareness, and a love for nature among participants.Students actively took part in the hike, enjoying the scenic beauty, fresh air, and peaceful surroundings.
