**NATIONAL SERVICE SCHEME**

**Promotion of Kaavalan App and POCSO & Cyber Crime Awareness**

The National Service Scheme conducted an awareness programme on the POCSO Act, Cyber Crime, and the Kaavalan App on 22nd July 2025. Principal Dr. S. Senthilarasu sir delivered the presidential address, emphasizing legal literacy and self-protection among students. Chief guests Mrs. S. Maheswari and Mrs. K.V. Bakiyalakshmi provided valuable insights and practical safety guidance. Students were also encouraged to install the Kaavalan App, a safety tool introduced by the Tamil Nadu Police. The event was efficiently coordinated by NSS Officers Mr. K. Anand and Mrs. N.T. Priyadharshini and benefited all NSS volunteers by enhancing their safety awareness.

### Legal Literacy Awareness Programme

The NSS of Sakthi Polytechnic College, in collaboration with the Taluk Legal Aid Service, Bhavani, organized a legal literacy programme on the POCSO Act and the Kaavalan App on 17th September 2025. The event began with a presidential address by Dr. K. R. Muthuswamy, who emphasized the need for legal awareness and personal safety. Advocate Mrs. V. Manimekalai and Mr. S. Manikkam explained the POCSO Act and the legal aid services available to the public. Sub-Inspector Mr. Anbarasu highlighted women's safety and the importance of using the Kaavalan App's SOS feature. The programme was coordinated by NSS Officers Mr. K. Anand and Mrs. N. T. Priyadharshini, with 150 volunteers participating and gaining valuable insights into legal rights and safety measures.

### PALM TREE PLANTATION

The NSS volunteers of our college actively took part in a Palm Tree Plantation Drive on 10<sup>th</sup> October 2025 at Gettichamuthiram Lake in Anthiyur. The initiative aimed to promote environmental conservation, strengthen the lake's ecosystem, and raise awareness on the importance of preserving water bodies.

Under the guidance of NSS programme officers, the volunteers planted palm saplings along the lakeside, recognizing the tree's natural ability to prevent soil erosion and support groundwater recharge. The activity also helped students understand the value of community participation in environmental protection.
